- Scraps of Wool
- Yarn
- Felt Squares for gift card holders

 Husqvarna **VIKING**

A gift card becomes a truly special gift when placed inside a personalized felted gift card holder. You can felt up a bunch in an afternoon and be prepared for last minute gift needs! Get the kids involved, they LOVE the Felting Machine!

1. Cut gift card holders 4" wide by 9" long from the felt squares.
2. Cut flowers using patterns given, or design your own from scraps of wool or felt.
3. Using your Huskystar ER10 Needle Felting machine, felt the shapes to one third of the gift card holder keeping the felted embellishment with a 3" x 4" area at one end of the piece. This will be the flap. Add shapes, holly, yarn berries.
4. Fold in thirds. Fold up a 3" pocket to hold the card and felt along the edges to create a "seam". Fold the flap over the pocket and felt a crease along the upper fold edge.
